Project Updates for July 2, 2019 Meeting

NWSC Grant Reports

Eelgrass Monitoring (Tautvydas): Ken Urstad, Gregg Ridder, and Kes completed underwater videography at Cornet Bay on June 21. Gregg will be providing the 2018 annual report at the MRC meeting.

Kelp Monitoring (Rhodes): Survey season is in full swing in June. This year 3 sites are monitored: Possession Point, Ebey's Landing, & Polnell Point. Electronic temperature loggers are being tested to improve accuracy & extent of temperature measurements. Check out the crab zoea (larval stage of its life cycle) we found in the Ebey's Landing last week!

Other Reports

Smith & Minor Islands Aquatic Reserve (Rhodes): No news at this time, but may have update at meeting.

Salmon Recovery Technical & Citizen Committee (Pucci/Kukuk): Update at meeting.

Sound Water Stewards (Zupich): Update at meeting.

WSU Extension: Update at meeting.
